

“ Smartpads work really well for us, some of our bottles are made in Northern Ireland and considering the distance they have travelled they always arrive in perfect condition. There are no fallen bottles on the depalletiser which helps to reduce our cleaning time, aiding our efficiency. ”
Stuart Pearson, Supply chain manager, Shepherd Neame

Experienced Benefits

Zero Broken Bottles

100% of the glass purchased is filled and transported safely throughout the process.

Increased Pallet Stability

No pallets have fallen since the introduction of the Smartstak System reducing waste and accidents at each site.

Improved Transport Utilisation

The Smartstak System passes the long distance test with pallets being transported over 500 miles across land and water.

Improved Hygiene

The Smartstak system resists water ingress and is washed at the the Loadhog washplant after every use, making it more hygienic than any cardboard solution.
